Zyniq View Reference Manager README

ZYNIQ VIEW REFERENCE MANAGER

Version 1.0.0 RC1 (Release Candidate)

Thank you for downloading Zyniq View Reference Manager.

Zyniq View Reference Manager is an intelligent Autodesk Revit add-in designed to create, manage, and maintain view references across host and linked Revit models while improving BIM productivity.

SYSTEM REQUIREMENTS

- Microsoft Windows 10 or Windows 11 (64-bit)
- Autodesk Revit 2024, 2025, 2026, or 2027
- Internet connection required for initial license activation

INSTALLATION

1. Close Autodesk Revit if it is currently running.
2. Run:

Zyniq_ViewReferenceManager_v1.0.0_RC1_Setup.exe
3. Follow the installation wizard.
4. Launch Autodesk Revit.
5. Open the "Zyniq BIM" ribbon.
6. Click the License button to:
 - Start your Free Trial
 - Sign in with your licensed account
 - Activate your Enterprise license
